

2011 GIRLS  
JAMES CAMPBELL  
JCAMPBELL@IRONWOODUNLIMITED.COM

**James Campbell:** (USSF "C" license) and has been involved in Idaho ODP/RTC for the last year. He is currently an assistant coach for the 08g premier team and the AGD for U9-U12 boys at a local club in Idaho Falls. He began playing competitive soccer at a young age and continued well into adulthood. After his playing career, he began coaching youth players at the local level.

*"I am passionate about soccer, coaching, and player development. When I was approached about the Assistant Coach position, it seemed like a great opportunity for me to express my passion for each. I also have a keen interest in nurturing a positive learning/training/game environment and providing youth with relevant information to maximize their potential to reach whatever goals are set, with soccer or otherwise. Further, I am a strong advocate for achieving enjoyment while playing sports. I firmly believe that enjoyment should be paramount and experienced at all levels of competition, from recreational play to the highest level of competition. I am both humbled and excited to take on this role and look forward to working with this playing group and coaching staff."*
