RULES OF CONDUCT

Coaches and clubs have responsibility for the conduct of players, bench and spectators at all times. If in the opinion of the officials, a game must be terminated for the misconduct of players, bench or spectators, the offending team can be suspended from further play, forfeit that game, and all remaining games. All previously earned points will remain as played.

Any player receiving a red card is automatically suspended for the remainder of that game and shall not be permitted to play the next game. Any coach receiving an ejection will be suspended from coaching their next game and will be potentially subject to further sanctions by IYSA

LIGHTNING POLICY

The 30-30 Rule will be in effect

- If the tournament officials detect or see lightning the games will be automatically stopped for a minimum period of 30 minutes. Should there be lightning during the 30 minute stoppage then the 30 minute count will start again. (This portion is USSF Policy)
- If the stoppage goes beyond 45minutes then the game is considered over and will not be restarted, and the result will be determined as follows
 - If the game had at least reached half time, then the score stands as is.
 - If the game had not reached half but one team was 3 or more goals ahead then the score stands as is
 - If the game had not reached half and there was less than a 3 goal difference then a Penalty Shootout will determine the winner and a 1-0 score will be recorded. Should either time, light or severe weather prevent the shootout from taking place, then the game will be declared a tie. If this occurs in a championship round, then dual winners will be awarded.
 - If severe weather results in some games not being able to even start due to time constraints, then the tournament committee will have full discretion over determining a result
 -

Seeking proper shelter

- No place outside is safe near thunderstorms
- The best shelter is a large, fully enclosed, substantially constructed building. A vehicle with a solid metal roof and metal sides is a reasonable second choice.
- If there is no proper shelter, **avoid** the most dangerous locations: Higher elevations; wide open areas, including fields; tall isolated objects, such as trees, poles, or light posts; unprotected open buildings; rain shelters; bus stops; metal fences and metal bleachers

**REMEMBER THAT YOUR SAFETY AND THAT OF YOUR CHILD
IS MORE IMPORTANT THAN A GAME OF SOCCER**
